Transit Project Support Level Sought from Milpitas Candidates

LoopWorks is pursuing a promising solution to our Climate Crisis that also mitigates traffic congestion – Personal Rapid Transit (PRT). Because the proposed \$60M public transit infrastructure will benefit Milpitas residents in many ways, a questionnaire was sent to candidates to gauge their support level. Links were provided to a brief survey and a [4-minute video](#) about the project and LoopWorks. Responses are expected by Sept. 10, and will be shared with the public.

All 24 candidates vying to represent Milpitas residents in various government bodies were sent the Candidate Questionnaire. Candidates included those for Milpitas Mayor (Carmen Montano, Karina Dominguez, Anthony Phan, Ola Hassan, Voltaire Montemayor, Franco Perez), Milpitas Council (2 openings: Hon Lien, Dipak Awasthi, Garry Barbadillo, Juliette Gomez, Demetress Morris, Isaac Stringer, Michael Tsai), MUSD Board of Education (3 openings: Chris Norwood, Kelly Yip-Chuan, Rob Jung, Anu Nakka, Suraj "Sun" Viswanathan), Assembly (Alex Lee, Bob Brunton), Senate (Aisha Wahab, Lily Mei), and Congress (Ro Khanna, Ritesh Tandon).

The most revealing question on the survey was phrased this way.

On the subject of the proposed dual-loop PRT system, how would you rate your support:

I have written a [letter of support](#).

I endorse the [MOU presented to the City](#) by LoopWorks.

I support [the project](#).

I am neutral on the PRT project.

I oppose the PRT project.

I decline to answer.

IPCC scientists have issued a Code Red, and the UN Secretary General António Guterres summed up our situation starkly: “We have a choice. Collective action or collective suicide. It is in our hands.” LoopWorks is offering a bold, out-of-the-box solution to dramatically reduce carbon emissions from the transportation sector. It requires the City of Milpitas agree to the [Memorandum of Understanding](#) in order to build this Metro Area project at no financial cost to the City. With our upcoming election, both candidates and voters have an opportunity to choose to support PRT.

LoopWorks is a taxable non-profit mutual benefit corporation that is creating a smart transit system to serve the Metro Area around the Milpitas BART Transit Center using convenient and quick Personal Rapid Transit (PRT) technology. For more information, visit MilpitasPRT.com or email info@MilpitasPRT.com.
